The clever solution behind the wall

With decades of experience, hansgrohe wins people over as a reliable partner for universal installation solutions behind the wall. From the classic toilet to the shower toilet, iFrame universal is the perfect addition to any hansgrohe toiletplace. Featuring high-quality and long-lasting components, the concealed flushing tank offers everything needed for effortless installation and maintenance – a smart solution for specialist bathroom retailers.

1 The sturdy wall supports are included in the scope of delivery. The high-quality plastic screws ensure optimum noise reduction.

2 The assembly parts for the toilet and iFrame are pre-sorted and packaged in separate boxes so everything is organised and ready to hand.

3 The robust construction is made of durable materials and designed for a load capacity of at least 400 kg.

4 The flush system is suitable for all wall-mounted toilet types and shower toilets.

5 Height-adjustable feet with brakes – for simple and sturdy anti-slip alignment.

Ordering and installation made easy

Installation couldn't be easier, as the process avoids unnecessary complications – including ones behind the wall. When purchased with the hansgrohe iFrame universal concealed flushing tank and the iFrame flush plates, the ordering and installation processes become perfectly aligned.
