An immersive experience reminiscent of waves along the shore

Unlimited well-being when doing daily routines: with Xuniva Evo wash bowls, water becomes a sensual hug. But how?

Through sophisticated geometry and the highest design quality. The inner basin is slightly bevelled with a hidden drain at the front. So water flows toward us in a natural movement, is gently collected and then disappears into endless depths. Through this art of hidden details, not only do we get a wash bowl that functions perfectly, but also countless day-to-day moments full of life.
