

Xuniva

Stylish wash basins for universal use

Xuniva gives the bathroom an extra special something. The ceramics come in four designs and three installation types: undercounter, above counter or countertop vanity. The thin basin wall creates an elegantly scaled-back, feel-good look in all designs.

With Xuniva wash basins in four different shapes, there are so many design directions to go in:

Q equals softsquare design with rounded corners.

S equals round, geometric design.

D equals oval elegance with elongated curves.

U equals linear design rounded off with curves.

Elegance in four dimensions

Xuniva wash basins look harmonious in all bathrooms, from the family refuge to public toilets, whether paired with wash basin consoles or undermount furniture. The mixers can be placed on or behind the ceramics.

The optional SmartClean glaze is perfect for preventing lingering dirt particles on high-quality ceramics.
