

DARK INK

Venice, one of Italy’s wonders, is known for transforming even simple objects like glass into a work of art. Even on Venetian floor, the sensitivity and talent of the artisans was able to transform it into timeless beauty. In Dark Ink, the disorder of the terrazzo granules finds harmony in the colours black and white, resulting in a modern reinterpretation of the Venetian Battuto. The black brick in a matt finish give the original full collection a boost of design and elegance.
