Wooden (NOFER 5000AR) or stainless steel (NOFER 15029.S) lid available as an option. Warning: the lid is mountable but the support point with the lid open up to the wall is 25 cm. If the lid is not used properly and is not accompanied, it may break.

Technical characteristics

Material: AISI 304 stainless steel plate

Finishing: Satin

Dimensions: 340 height x 370 width x 700 depth (mm)

Water inlet diameter: Ø32 mm

Drain diameter: Ø100 mm

Fixing

Wall mounting by means of fixing plate included. Screws included.

Maintenance

Stainless steel requires maintenance as dirt over time can damage the chromium (Cr) contained in stainless steel. We recommend a monthly cleaning with a specialized product for stainless steel.
